BISON BRISKET

Bison Brisket: Carmen Creek Bison Brisket is lean and flavourful.

Recommended Prep: Excellent for braising, stews or pot roast. Bison Brisket will have less fat than beef. It can be successfully corned or made into pastrami. Cooking losses/fat trim losses in preparing corned bison average less than the same products made with beef cuts.

Features: This is a very lean product. No growth hormones – raised naturally.

Serving Suggestions: Great for sandwiches, like Wild West Corned Bison!
