BISON CHUCK TENDERS

Bison Chuck Tender: The Chuck Tender comes from the Top Blade just under the blade bone. It has the advantage of consistent grain throughout the piece.

Recommended Prep: The Chuck Tender is very lean and lends itself to numerous applications such as braising or slow roasting.

Features: Extremely lean. This less expensive cut provides great profit opportunities. Perfect for high volume cooking. Reheats well. No growth hormones - raised naturally.

Serving Suggestions: Braising creates rich flavours. Perfect for home style dishes.
