BISON FLANK STEAK

Bison Flank Steak: The unique flavour, leanness and versatility of Carmen Creek Bison Flank Steak make it a perfect addition to your menu.

Recommended Prep: Grilling is a natural option for this cut, and as it is very lean, it lends itself to numerous applications such as braising or slow roasting.

Features: Extremely lean. The graininess of the flank adds to the flavour, which flanks are prized for, especially in Latin and Asian dishes and offers many presentation options. No growth hormones – raised naturally.

Serving Suggestions: Marinated for salad, centerpiece on top of stir-fried vegetables, noodles or rice or for a centre of the plate item.
