

CARMEN CREEK™ BISON

RAISED THE WAY NATURE INTENDED

NO GROWTH HORMONES,
STIMULANTS OR ANTIBIOTICS

Carmen Creek bison are raised by highly skilled ranchers carefully selected for their commitment to humane animal care and environmental stewardship.

BISON TENDERLOIN

Bison Tenderloin: Carmen Creek's most popular bison product. Well recognized by restaurant guests for its quality, flavour and tenderness.

Recommended Prep: Most cuts are cooked with dry heat, however you may want to try poaching, an alternate cooking technique. Roasting requires care and attention as this cut does not have a large degree of marbling and will dry out quickly if over cooked.

Features: Lean. No growth hormones – raised naturally.

Serving Suggestions: The full tenderloin can be cut inhouse to offer a variety of menu entrees: Tenderloin Butt, Chateaubriand, Filet Steak, Filet Mignon, Tournedos and Tenderloin Tips.
